

MAXIMISE ROI

Costing less than 1% of your total project budget, AWARD® delivers time, cost and productivity savings on every procurement project.

TOTAL BUDGET

REDUCE RISK

AWARD® reduces your exposure to risk with a 5 fold reduction in the probability of a successful legal challenge.

DRIVE ENVIRONMENTAL SAVINGS

5,400
trees saved

AWARD® is proven to significantly simplify the management of large volumes of information on complex projects. 45 million pages are electronically submitted into AWARD® each year.

MAXIMISE EFFICIENCY

The MOD's award-winning £1.5bn air traffic management programme to replace the UK's military air infrastructure, was awarded 12 months early using AWARD®.

WORK SECURELY WORLDWIDE

125k
individual
users

AWARD® supports the collaborative involvement of teams throughout the procurement process. It provides a cohesive, flexible and secure working environment for internal, external and bidder stakeholders worldwide.

MAXIMISE RETURN ON INVESTMENT

INCREASE TRANSPARENCY

Infrastructure Ontario selected AWARD® to assure an efficient and effective evaluation process that is robust, transparent and defensible, in order to ensure prudent use of public funds.

DELIVER INCREASED VALUE

AWARD® more than paid for itself with travel and subsistence costs drastically reduced on a key maintenance contract for Australia's Defence Materiel Organisation.

BENEFIT FROM UNRIVALLED KNOWLEDGE AND EXPERTISE

150
years

With over 150 years' combined evaluation support experience on over \$400 billion of projects supported internationally, we're widely recognised as providers of the most comprehensive strategic evaluation capability on the market.
