

Expert Training and Services

Commerce Decisions offers a comprehensive range of training and support. They are designed to help you deal confidently and efficiently with any questions or challenges on the use of our solutions. Our 'hands on' approach, supported by tutorials, interactive classroom teaching and training courses, gives attendees a practical working knowledge of the key capabilities of our AWARD® and ADVANCE™ software solutions.

Software Training: for users of AWARD®

Introductory and refresher training

AWARD® Training
Learn all the essential skills to start to successfully build procurement projects in AWARD®.
1 day training course
>>Find out more

AWARD® Practitioner
Understand how to effectively configure and manage your projects, associated evaluation and supplier selection activities in AWARD®.
1 day training course
>>Find out more

AWARD® Accreditation

In recognition of the level of expertise you can achieve through completion of each level of our AWARD® Accreditation training, we've launched three digital badges: Foundation, Intermediate and Expert. These badges can be used online to promote the level of accreditation you've reached and can be embedded on an email signature, website, social media platform or a digital CV.

AWARD® Foundation

Create, manage and effectively run projects using AWARD®, seamlessly mapping into your organisation's best practice. Once you have completed this training and demonstrated the ability to use the software, you'll receive the AWARD® Foundation Level accreditation and digital badge.

AWARD® Intermediate

Once you've achieved the AWARD® Foundation accreditation, you can complete the Intermediate Level training. This is suitable for more experienced users who have built a number of projects in AWARD®.

AWARD® Expert

This highest level of accreditation is available for AWARD® users who have completed the Foundation and Intermediate levels. We'll remotely review two procurement projects you've completed as part of the accreditation process.

Software Training: for users of ADVANCE™

Understand how to manage your bid review process in ADVANCE™, whether you're a Bid Manager or a Reviewer. This 1 day course is designed for Bid Managers who use ADVANCE™ to manage their bid review process.
